Not confident with wiring? Use a registered electrician.

CARE

Wipe glass with a soft dry cloth once cool. Handle by the body, not the neck.

NEED A HAND?

Write to **thelightheritagelondon@gmail.com** with your order number and a photo. We reply within one working day.

INSTALLATION · 6 STEPS

Switch off at the fuse box before you start. If you are not confident with wiring, use a registered electrician.

1. Switch off at the fuse box and check the circuit is dead.
2. Remove the diffuser to reach the base plate.
3. Screw the plate to the ceiling over the cable outlet.
4. Connect brown to L, blue to N, green/yellow to earth.
5. Clip the light onto the plate and refit the diffuser.
6. Switch on.

Isolate at the fuse box before touching wiring. Keep this guide for future reference. Recycle electrical items and bulbs, never in household waste.
