CARE

Wipe with a soft, dry cloth once cool. No solvents.

NEED A HAND?

Write to **thelightheritagelondon@gmail.com** with your order number and a photo. We reply within one working day.

INSTALLATION · 6 STEPS

Switch off at the fuse box before you start. If you are not confident with wiring, use a registered electrician.

1. Switch off at the fuse box and check the circuit is dead.
2. Hold the backplate over the cable outlet, level it and mark the holes.
3. Drill, plug and screw the backplate to the wall.
4. Connect brown to L, blue to N, green/yellow to earth.
5. Fit the body over the backplate and tighten the grub screws.
6. Switch on.

Isolate at the fuse box before touching wiring. Keep this guide for future reference. Recycle electrical items and bulbs, never in household waste.
