INSTALLATION · 6 STEPS

Switch off at the fuse box before you start. If you are not confident with wiring, use a registered electrician.

1. Switch off at the fuse box and check the circuit is dead.
2. Fix the bracket to the ceiling.
3. Set the drop: feed the cable or chain through the canopy and lock it.
4. Connect brown to L, blue to N, green/yellow to earth. Tug each wire to check.
5. Lift the canopy over the bracket and secure it.
6. Fit the shade and bulb, switch on.

Isolate at the fuse box before touching wiring. Keep this guide for future reference. Recycle electrical items and bulbs, never in household waste.
